Dear Commissioner Martin,

I urge you not to relax the broadcast ownership rules that protect American citizens from media monopolies.

These proposed changes would pave the way for giant media conglomerates to gain near-total control of radio and television news and information in communities across our nation. Many of these corporations that are now lobbying the FCC to relax these ownership rules already have a known track record in attempting to keep opposing viewpoints off the air.

We as Americans deserve to hear more than one viewpoint on important issues that we face as a nation. Therefore, I urge you to continue with the broadcast ownership protections that have served our country for decades and have ensured access to the airing public issues.

Sincerely,

Thomas Shola
